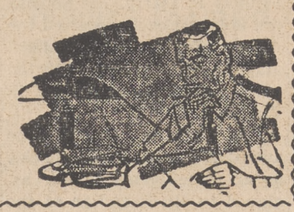
County to Hike Taxes Whopping 39.5 Cents

The DIMMER VIEW



by Max Goodwin

To Those Who Would Remember

Today's psychiatrist warns against looking back lest you condemn yourself for things done, not done, or could have been done.

How sad.

There are so many things worth looking back to. In a list supplied by Wally Knutson, a realtor and a L.G. Chamber of Commerce director, there are things that will arouse the feeling of nostalgia in those of us who have become old enough to be philosophical.

The author is not listed but the title appropriately asks: "Are You Old Enough to Remember?"

When you never dreamed that our country could ever lose?
When you left the front door open
When you went to church and found spiritual consolation?
When people knew what the Fourth of July stood for?

When you took it for granted that women and the clergy were to be respected?
When a girl was a girl and a boy a boy?
When you were not embarrassed to say that this is the best damned country in the world?

When socialist was a dirty word, and patriot was not?
When a nickel was worth five cents and could buy a magazine, a good cigar, a 12 ounce soft drink, or an ice cream cone?
When taxes were only a nuisance?
When the poor were to proud to take charity but worked to better their position?

When you were not afraid to go out at night?
When Protestants and Catholics and Jews though enough of their beliefs to argue about them?
When ghettos were the neighborhoods you grew up in?
When you knew the law meant justice, and felt a little shiver awe and respect at the sight of a policeman?

When young men tried to join the Army, Navy or Marines?
When songs had tunes?
When criminals went to jail?
When you bragged about your home town and state?

When clerks and repairmen tried to please you?
When a Sunday drive was a pleasure, and not an ordeal?
When riots were unthinkable?
When the clergy talked about religion?

When you could take it for granted that the law would be enforced and your safety protected?
When Christ was kept in Christmas?
When the American Flag was respected?
When our government stood up for Americans anywhere in the world?

When a man who was wrong was blamed, not his mother's nursing habits or his father's income?
When everyone knew the difference between right and wrong, even Harvard Professors?
When the marriage vows were respected?

When things were not perfect, but you worked to make them that way?
When you weren't made to feel guilty for enjoying dialect comedy?
When people still had the capacity for indignation?
When you considered yourself lucky to have a good job, and were proud to have one?

When a complaint could accomplish something?
When people expected less and valued what the had more?
When everyone wasn't entitled to a college education but had to merit one?
When college kids swallowed goldfish, not acid?
When America was the land of the Free and the Home of the brave?

Hanson Asks Return Of Land Given For County Road in 1928

SAN DIEGO (CNA) — A county planning staff effort to preserve a freeway "eye" as a landscaped entrance from Freeway 94 to the Casa de Oro business district along Campo road was totally routed Friday by the planning commission.

The commission voted unanimously that portions of old Sweetwater Springs blvd. and Campo rd., taken out of use by the new freeway, be given to the adjacent property owner Fred Hansen.

Hansen had retained two small portions of land as part of the settlement with the state Division of Highways for other right of way.

His attorney, Leo Hendrickson, said the settlement fully assumed that the total parcel bounded by freeway and off-ramp to Campo rd. would revert to Hansen.

Hansen had given the county a 100-foot right of way for Sweetwater Springs blvd. in 1928, but had retained the underlying fee ownership.

This was all the commission needed and Commissioners Stanley Gizienski and Ross Daily were plainly miffed that the taff would even consider not returning the land to the original owner.

Only one mentioned that while Hansen gave the land, the county built the road — a road that furnished access to other parts of Hansen's large land holdings in the area.

The 90-plus-year-old Hansen was at the meeting. He served as a county planning commissioner for 27 years. He was succeeded by Casa de Oro developer Gil Ray, who has since retired.

Assistant Planning Director Jack Lamb said that the land should be held in public ownership. He admitted, however, that what use beyond that of a landscaped area had not been determined.

He suggested that it might be a site for a fire station.

Only the Board of Supervisors can vacate roads and with the interest the board has shown in recent months in open space, the hearing could be a new ball game.

The zoning on the parcel is C-1, a zone that allows as a matter of right, advertising billboards.

CoC to Host County Road Officials

The County Road Department will take up the major portion of the meeting today when the L.G. Chamber of Commerce board of directors holds its monthly meeting.

The meeting, to be at the Embers, will start at noon and interested citizens may attend.

Broadway will be improved early next year and that matter will be the meeting's main topic, according to Bob Russell, chamber president.

In addition to explaining what Broadway will look like after it is refaced, County representatives will discuss the possibility of converting the present lighting district to a maintenance district and using the authority to stripe and sweep the privately owned parking strips on each side of the street. The authority could also be used to cut back sidewalks to gain more parking space and to maintain shrubs which may be planted in the median strips. It could also be extended north and south on Imperial for plaza care and upkeep, it was said.

Senior Citizens May Be Missing Tax Assistance

Senior citizens who have not filed for Senior Citizens Property Tax Assistance may be missing the opportunity to be reimbursed for a substantial portion of their property taxes.

Martin Huff, Executive Officer of the Franchise Tax Board, the department responsible for the administration of the program, noted that during the month of July a total of 31,000 refunds were made disbusing $4,374,000. The average refund amounted to $141, Huff said.

To be eligible for Senior Citizens Property Tax Assistance, claimants must be over 65 years of age as of January 1, 1970; must own and occupy their own home; must have paid the property taxes on the home; and must have a total household income of less than $3,350.

Qualified individuals can obtain claim forms from any office of the Franchise Tax Board or by writing to Senior Citizens Property Tax Assistance, P. O. Box 1588, Sacramento, California 95807.

Scenic Corridor Proposed For Nearby State 94 Strip

SAN DIEGO (CNA) — A proposed line-of-sight scenic corridor for Route 125 from Brookside to State 8 was approved on Friday by the County Planning Commission.

The corridor is in cooperation with the city of La Mesa and reaches Mt. Helix on the east and includes the contiguous land that can be seen from the highway.

The method of protecting the scenic view will be an SC (scenic corridor) Overlay Zone.

The ordinance creating the SC zone must go to the Board of Supervisors for adoption, but the zone could not be applied to any property without public hearings before the planning commission and board.

The SC zone would restrict, but not change the uses of the present zones.

For instance, all proposed developments except those involving one and two family dwelling would need the approval of the director of planning.

Outdoor off-site advertising signs would not be permitted.

The county has been 17 months in coming up with the plan after authorization by the supervisors. This has led to some criticism from the area.

The plans of both the city and county must be approved by the State Director of Public Works before official designation as scenic highway can be gained.

A sour note came from Commissioner Stanley Gizienski who does not like any restrictions on private development. "I don't to upset the people there, but just what is scenic about that stretch?" he asked.

Businessmen's lunches, Happy Hours, and early evening budget dinners are among the new and tasty offerings at the Embers.

General Practice Academy Elects Dr. Dale Passick

KANSAS CITY, MO.—Dale A. Passick, M.D., a member of the Lemon Grove Medical Group of eGneral Practice, a association of more than 31,000 family doctors.

As a member of the AAPG, Dr. Passick will be required to complete 150 hours of post-graduate medical study every three years. The program, unique among national medical associations, is designed to help member physicians keep abreast of the latest scientific developments in medicine.

Founded in 1947, the AAGP is the country's second largest national medical association. It has been instrumental in the establishment of a new primary specialty in family practice. The Academy's post-graduate program is the foundation of eligibility for family doctors now in practice who apply for certification in the new specialty.

Dr. Passick has been associated with the local group for a year.

Costs Up This Year For Jails, Courts

SAN DIEGO (CNA) — Welfare and law enforcement costs caught up with the county this year and will cause a 39½ cents per $100 of assessed valuation increase in the property tax rate.

Chief Administrative Officer Fred J. Morey said the rate will go to $2.745 from $2.35 where it has been stable for the past three years.

The cost of law enforcement, including jails and the courts, will be up over $6.4 million this year and this is a charge that is almost totally dependent upon the property tax.

Welfare increases have hit fiscal year 1970-71 in two ways. The county underbudgeted, somewhat deliberately, during the past fiscal year and has had to shift surplus funds drastically to pay welfare bills.

This, Morey said, left a surplus of only $486,000, whereas last year the surplus was nearly $7 million.

The surplus is primarily made up of money budgeted but not spent, either through departmental savings or positions authorized but not filled.

The county board of supervisors has had a hand in reducing reserves, especially Harry Scheidle, and while this looks good for the year in which it is done, this is another sum of money unavailable at the beginning of the next year.

The increase is by no means the largest the county has experienced although it is the largest in many years. In 1919-20, there was a 73-cent increase.

One cent on the county tax rate will raise $268,000, according to county auditor Gerald Lonergan.

Lonergan said the effect of inflation on county programs is rising faster so that if nothing was changed at the county salary levels, a 20 cent increase in the tax rate would have been needed anyway.

In addition there has been a shift of funding from the state to the county (not just in this county), that will cost local money.

Morey said the failure of the state to provide in its budget for full funding of the state's share of the Community Mental Health program will cost $400,000.

He said the failure to provide for realistic aid to families with dependent children caused the board to budget at full county cost a $250,000 school Clothing program.

Other increases have come from a large increase in state mandated welfare programs without appropriate relief through funding from the state and federal governments.

Lonergan said that while the assessed valuation rose by 13 percent, the amount of money produced by this at last year's rate is only $7 million, a sum more than eaten up by the six percent inflation at $11 million.

The county rate would have been set 24 cents less, Lonergan said, if Governor Reagan's tax reform-shift program had passed in the legislature.

It would have given the state more revenue to share with the counties.

Zoo Readies Area For Rare South American Golden Marmosets

A newly-remodeled conservation area for rare South American primates was unveiled at the San Diego Zoo last week.

The primates are golden marmosets — small, bright-orange monkeys which are severely threatened in their native habitat near Rio de Janeiro. Five years ago, the San Diego Zoo was chosen by the American Association of Zoological Parks and Aquariums and the Wild Animal Propagation Trust to establish the world's first center for the conservation of this primate.

Avocado Blvd Property In Condemnation Proceedings

SAN DIEGO (CNA) — Six separate legal actions were filed in Superior Court Tuesday by the county to obtain land for the widening and improving of Avocado blvd., from Highway 94, Spring Valley, to the El Cajon city limits.

Deputy County Counsel James Smith prepared the actions for the county and will act for the county in court. He said 61 different property owners are named in the suit, but he described the number of parcels of land involved as "myriad."

The land involved should cost about $50,000, according to money allotted for the project in the 1970-71 county budget. The total cost of the program, which calls for a four-lane divided highway, is $358,956.

Smith said the action was divided into six different suits because of the length of the area to be improved.

Mental Health Clinic To Serve Area Residents

A mental health clinic serving Lemon Grove and Spring Valley has been opened in the El Cajon branch of the county Department of Public Welfare.

The clinic, at 220 S. First st., is the result of a year's work by a citizens committee and the Community Mental Health Service of San Diego County. It is open from 8:30 a.m. to 4 p.m. on Mondays, Tuesdays and Thursdays but will probably go on a five-day-a-week schedule next year.

The new facility is staffed by two social workers and Dr. Donald Gleason of La Mesa, as psychiastrist in charge. It is the county's fourth clinic. The others are in Southeast San Diego, Oceanside, and Escondido.

A citizens group headed by Mrs. Albert Marshall, a counselor of Grossmont High school, has been working with Dr. Warren Higgins, chief of the outpatient services for the county Community Health Service to bring the facility into being.

Persons who use the facility must meet residency and income requirements although such requirements may be waived in emergencies. Those capable of paying will be required to do so.

Budget for the clinic will be $50,000 which will go mostly for salaries. Higgins said the clinic could serve about 50 people a week.

Initial appointment should be made by phone at 442-9671, Higgins said.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

Are augmentatives used in Spanish? If so, how are they formed?

Augmentatives, words which denote an increase in size, are very popular in Spanish. They are generally formed by adding the suffix "on" on "ona" to a base word. A good example may be seen in the conversion of "caja" (box) to "cajon" (big box).

In the same manner "silla" (chair) is converted to "sillon" (armchair) and "hombre" (man) is aubmented to "hombron" (big fellow). There is a tendency to associate "on" endings with clumsil ness and awkwardness which would permit a general translation of "sillon" to mean "big awkward chair" and "hombron" to mean "big awkward fellow."

Largeness is also reflected in "azo" and "aza" endings. This may be seen in the conversion of "carro" (car) to "carrazo" (big car) and "perro" (dog) to "perrazo" (big dog).

An augmentative suffix which suggests poor quality or contempt is reflected in the endings "acho" and "ucha." For example "vino" (wine) could be converted to "vinacho" to imply "poor wine." "Sierra" (saw) could be converted to "serrucha" (dull saw).

Practice phrases listed below contain examples of various forms of augmentatives. You may wish to learn them by saying them aloud with the recorded voice that says them for you when you dial 276-2762.

Say "No es un perrazo." (noh ehs oon pehr-RRAH-soh)
for "He is not a big dog."

Say "You tengo un sillon." (yoh TEHN-goh oon see-YOHN)
for "I have a big (arm) chair."

Say "Tiene el un carrito?" (ee-EH-neh ehl oon kahr-REE-toh)
for "Does he have a little car?"

Say "No es un carrazo." (noh ehs oon kah-RRAH-soh)
for "No, it is a big car."

Say "Es buena la sierra?" (ehs boo-EH-nah lah see-EHR-rah)
for "Is it a good saw?"

Say "No, es una serrucha." (noh ehs oon-nah sher-ROO-chah)
for "No, it is a dull saw."

Say "Es vino bueno?" (ehs VEE-noh boo-EH-noh)
for "Is it good wine?"

Say "No es vinacho." (noh ehs vee-NAH-choh)
for "No it is poor wine."

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is for more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

Considine Tells Kiwanis Meeting Good Points Of Tax Reform Program

Timothy Considine, of the San Diego firm of Considine and Considine, a certified public accountant business, pointed out some of the changes that the 1969 income tax reform act will bring at last week's meting of the Spring Valley Kiwanis Club.

At the Wednesday morning meetin, Considine said that there were several good points in the act, including:

"The actual taxes you pay this year on the average, compared to the taxes you paid last year could be 25% less.

"Young people getting married may pay a higher tax after marriage if they both have good paying jobs and continue to work.

"Head of Household rates have been cut to what amounts to 12½% for those who are supporting children in the household. No change for married folks.

"Standard deduction of 10% or a thousand dollars remains the same this year, but next year it is 13% or $1,500, and the following year 15% or $2,000. This will eliminate the trouble of keeping track of deductions for many people.

"People earning less than $10,000 per year now have what is called a "Low Income Allowance" but you need to b a mathematician to figure out how it works but the effect is to give you an additional 10 to 15% cut in your taxes." He advised checking this with your tax preparer.

"The personal income tax deduction per dependent is increased this year to $625 and in the following years will be increased to $650 and $700 per dependent."

Considine said income tax averaging has been changed and can be an advantage if your net income this year is $3,000 more than the average of your net income for the last 4 years.

"Under the old act, students or part-time workers could earn up to $500 and not need to file. The new 1969 law raises this to $1,900 and there is a special form to be signed by the student or part-time worker and then the employer is not required to hold out any income taxes."

Hubbard, who had taught school in Lemon Grove for five years and was to be married to Janet Swearingen Sunday, suffered the fatal attack on the main straightaway, and was unconscience as the car careened through the infield and struck two other cars on the back straight.

An industrial arts major at San Diego State, Hubbard was planning to become a teacher in the Poway School District in the fall.

He was a member of the Nation Education Association, the California Teachers Association, and the Lemon Grove Teachers Association, as well as the El Cajon Stock Car Racing Association.

Rotary Governor To Visit Spring Valley Next Week

Willis H. Merrill, of Valley Center, governor of this district of Rotary International, will make an official visit to the Rotary Club of Spring Valley when the club holds its weekly luncheon at the Ox Bow Inn Friday, Sept. 4, club president Donald E. Tarr said.

On Thursday, Merrill will discuss club and district projects and administrative matters with Tarr, Secy. John W. Kelso, and other officers and members.

The Rotary Club of Spring Valley is one of 36 Merrill leads as governor of Rotary District 534. A Christmas tree grower, Merrill is one of 314 district governors in the world serving Rotary, an international men's service organization with more than 679,500 members and 14,366 clubs in 148 countries and geographical regions.

When he addresses the club, Merrill will urge Spring Valley Rotarians to bring more eligible and qualified business and professional men of the community into Rotary membership.

Echoing RI Pres. William E. Walk, Jr., of Ontario, Calif., Merrill will call on local Rotarians to help "bridge the generation gap, the economics gap, the ethical gap, the communications gap and the gap between man and his environment."

"Rotary can be a key to the understanding of these and other problems," Merrill said.

"These so-called gaps are man-made; man, then, must bridge them and Rotarians can do their part in the process."

Pollution Class Planned At S.D. Evening College

Environmental pollution, the growing percentage of aged among the population, and the increasing scope of health care and health needs are dramatically reflected in a group of new courses being offered this fall in the San Diego Evening College.

The college will offer a total of ten new courses in five separate health-related degree and certificate programs.

The college's role in providing specialized training to meet specific community needs is nowhere better shown than in the addition of four specially designed courses for hospital staff personnel.

Scheduled Changes At Area Lakes Announced

The average coffee drinker last year consumed 14.7 lbs.

MISS LEONORE CRAWFORD, of 3240 Olive st., Lemon Grove, became the bride of William Morris Freels, of La Mesa, last Friday evening at the Congregational Church in Lemon Grove.
The bride is a Mount Miguel graduate, and the bridegroom is a graduate of Monte Vista High. He also served with the armed forces in Viet Nam.

George Walker Smith Is 'Coffee' Guest

George Walker Smith, a member of the San Diego School Board and candidate for the fourth district board of Supervisors seat was guest of Mrs. Louis Camacho for an informal "coffee" at her home in National City.

The "coffee" was part of the attempt of George Smith's campaign to bring the people back into local government.

The fourth district includes Serra Mesa, Mission Hills, Hillcrest, Logan Heights, Southeast San Diego and National City.

Glue-sniffing seems almost entirely a pre-adolescent phenomenon.

Recently Mrs. Susan Close experienced a flat tire along a lonely stretch of Miramar Road. Looking hopelessly at the situation, she was relieved to see one of our cars stopping.
It was Anthony Heintz, one of our property inspectors. He saw the predicament, quickly changed the tire and waved her on her way.
Mrs. Close wrote us that, "I was about ready to start walking when an angel driving a white jeep came to the rescue... I want you to know I'm grateful for his gracious help."
Which goes to prove, of course, that it's nice to have a man from the gas and electric company around.

Women Make Great Racers

Girls Ready To Race In Powder Puff Derby

Some of the prettiest faces and loveliest figures ever to be seen behind the steering wheel of an automobile will be on hand at Cajon Speedway Saturday night, as the Powder Puff Derby roars into action.

The Derby, one of the most popular events at the Speedway, will feature blue-eyed blondes, stunning brunettes, and dazzling red-heads riding in those ugly monstrosities known as stock cars, in a ten lap fender-bender.

The girls who drive the cars are as different as night and day in many respects, but they all have one thing in common — a love of racing competition, something that is usually associated with men.

Girls in the competition come from El Cajon, the South Bay area, Spring Valley, and even as far as Los Angeles to take on each other in the battle of the lead foot, often defying disaster at the crash wall, or even worse yet, broken finger nails or messed hair-dos.

Liberation Movement

Although the women's liberation movement has apparently hit Cajon Speedway, the women have not yet demanded independence entirely from the male drivers.

In fact, most of the girls borrow their cars from their husbands or one of the men drivers.

One of the problems of borrowing cars, however, has caused near heartache on occasion. If one of the girls is scheduled to drive, say, Elmer Dockler's machine, and Elmer blows his engine in the first heat race, that girl has to scramble around the pits to find someone else willing to give her "a ride."

Some of the girls have overcome that problem, by buying their own cars, getting their own sponsors, and even forming their own pit crews (made mostly of male-type mechanics).

Beg or Borrow

After the lovely ladies have secured a car, whether it be begged, borrowed or bought, the problem of keeping it away from the crash wall, avoiding flat tires, engine trouble, and spinouts, and still managing to stay near the front at the end of the race, arises.

A big job for one of the fair sex?

Maybe. Maybe not. Diane Porter has done a good job of it, so has Gloria Stahl and Joy Swentkofske. Even Spring Valley's very own Mary McIntvre has fared well.

Diane Porter, who lives in Paradise Hills, but drives a Lemon Grove car, is currently leading the points race in the powder puff division. Diane drives Jim Hitt's car, and thinks Jim is "one of the nicest guys around".

"A lot of the other men drivers think Jim is crazy to let me drive his car," Diane confesses. Diane has yet to put so much as a severe dent in the machine.

Husband Problems

Some of the girls drive their husbands' cars. That means, however, that if she makes a mistake and forgets to add the STP, she is undoubtably going to have to forget about that new dress or hat.

One of the drivers, Joy Swentkofske, who owns her own car, or rather owned her own car, came home one day and discovered that her husband, Ray, who drives a super stock at the speedway, had sold her car.

Well, Joy had to borrow Larry Aufdengarten's stocker for the next race, and it didn't handle the way hers had. Before she finally got used to the car, she had slipped from first to third in the points race.

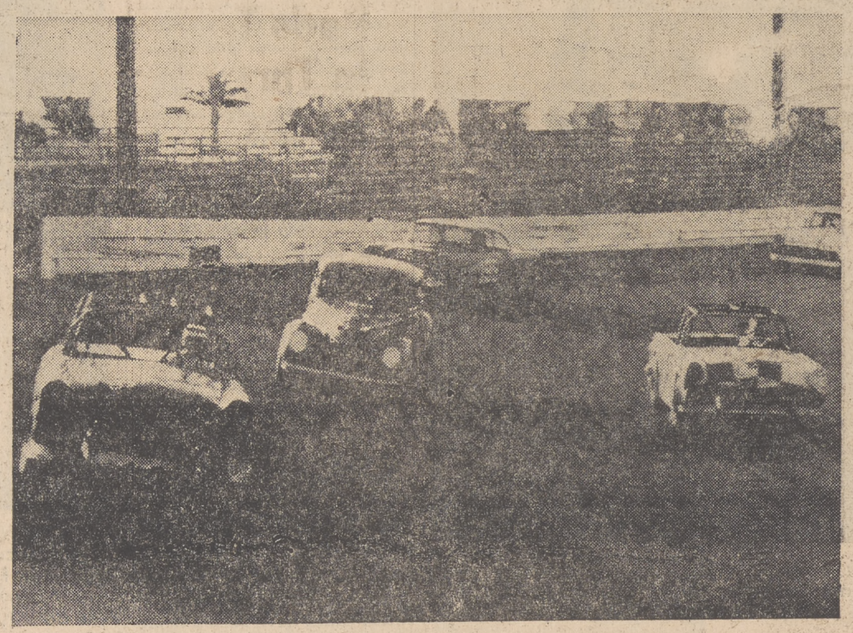
That will teach her to burn Ray's eggs in the morning!

But whether the girls are in their own cars, or even if they are piloting borrowed machines, there will be a whole batch of them, complete with crash helmets, mascara, and tool kits, invading the oval track at Cajon Speedway this Saturday night.

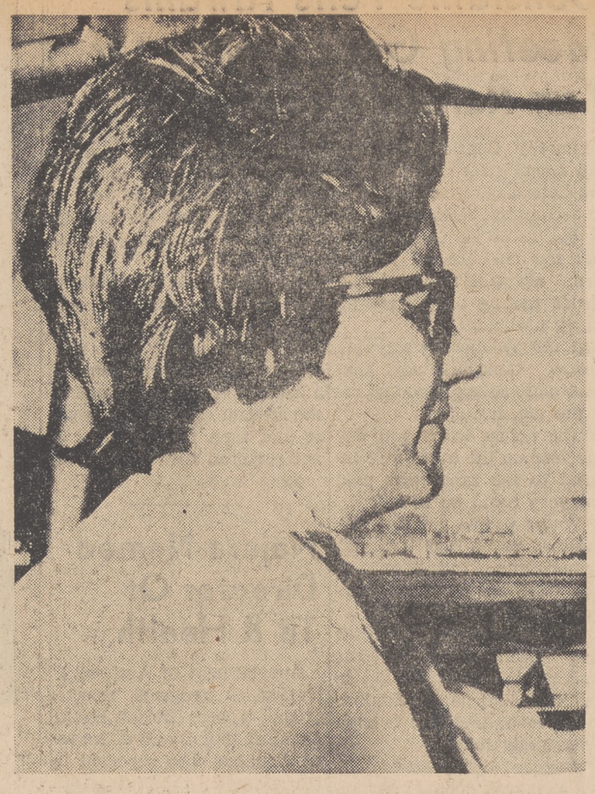
Girls to keep an eye on (regarding racing skill, guys), include Diane Porter in the number three car, Joy Swentkofske, the winner of the last Derby, Mary McIntyre, Spring Valley's hopeful, and Lemon Grove's Mary Ann Klein.

Qualifying will start at 6:30 p.m. with race time at 8 p.m. for super stocks and limiteds Derby time will be approximately 9:30 p.m.

By John Nicholson



LEADING THE WAY— Kay Geitzen, with her "foot in the carburetor," leads the pack around the turn in a powder puff last year. With her are Diane Porter, Mary Ann Klein, of Lemon Grove, and Joy Swentkofske.



A LITTLE WINDY — Dot Bridges, a long-time favorite at Cajon Speedway, decided not to wear her crash helmet in this quick trip around the track, while warming up the engine, because she thought it might mess up her hair.

Point Standings

1)	Diane Porter	1064
2)	Gloria Stahl	1011
3)	Joy Swentkofske	952
4)	Kathy McLauchlan	632
5)	Mac Huntington	530
6)	Dot Bridges	496
7)	Jeannie Hageman	441
8)	Barbara Horner	360
9)	Cathy Talarski	313
10)	Mary McIntyre	304

Wins: Joy Swentkofske, 3, Diane Porter, 1, Gloria Stahl, 1.

Track records: Diane Porter, 1 lap, 19.93; Dot Bridges, 3 laps, 1:02.20, Joy Swentkofske, 10 laps, 3:42.64.

SHOOTING THE BREEZE — Diane Porter gives a few tips to Jim Hitt, of Lemon Grove, before he takes his car out for qualifying runs. Diane is hoping Jim stays away from the crash wall so she will be able to use it in the Powder Puff Derby. Some of the other drivers might think Jim is a little touched for letting Diane use the car, but she hasn't put a dent in it this year.

MAKING SURE — Dot Bridges checks underneath her super stocker to make sure that there is nothing leaking, like oil, transmission fluid or water. Dot will be on Hand Saturday to take on the likes of Gloria Stahl and Joy Swentkofske.

INTO THE TURN — Diane Porter, who drives Jim Hitt's stock car in the Derby, gets a little woried here, as she starts to spin a little going into the North turn at the Speedway. Diane tops the point standings in the female competition.

MY FAVORITE RECIPE — Kay Geitzen, a former Lemon Grove driver who has recently moved to Los Angeles, explains her latest recipe: "I use three cups of STP, a quart of Kendall Racing Oil, a Stilko Oil Filter, a dash of radiator coolant. Mix well for about ten laps, and go home with a trophy or a blown engine."

GLORIA STAHL, one of the prettiest race drivers around, shells out a shy smile after running away with the win in a recent powder puff Derby at the Speedway. Gloria is not shy when it comes to bouncing off crash walls and squeezing through cars when she climbs into her car.

BAMBI IS BACK — Lance Alworth, pro football's most out standing pass receiver, will be back in Charger uniform number 19 Saturday night when the Rams invade the Stadium. Alworth, a holdout until earlier this week, has gained more than 1,000 yards a year for seven consecutive years. Coach Charles Waller said Alworth will play Saturday "but we also want to look at some of our younger players. But we also want to win." The Chargers must cut 10 players from their roster next week.

Pads To Take On Cubs In Three Game Weekend Series At S.D. Stadium

For the Padres, August came in like a lion. It will go out with a Leo.

Opening this month in New York, the Padres swept a doubleheader from the Mets, knocking that club out of first place.

Now closing the month with the Cubs, single games tonight and tomorrow at 7:30 p.m. and a day contest Sunday at 1 o'clock, the Padres have the opportunity to sink the pennant hopes of Leo Durocher's crew.

Very much alive and kicking in the wild pennant scramble in the National League's western division, the Cubs will bring their lineup of fence busters in San Diego Stadium for the final time this season.

Their last appearance here the Cubs rattled six homers in three games, including one four-homer game, and banged seven in the final game between the teams in Chicago last week.

"They're an explosive club, that's for sure, said manager Preston Gomez. "With fellows like Santo, Hickman, Pepitone and Callison in the lineup the Cubs are going to hit a lot of home runs.

"But we're not so silent ourselves. I've always maintained that as long as we can stay close we're going to have a good shot at winning in the late innings because our lineup has several players who can hit the ball out of any park."

Several people-pleasing events have been scheduled for the fans attending the Chicago series.

This evening is Boy Scouts of San Diego County Night with the Padres and all scouts, explorers and cubs in uniform and under adult unit leadership will be guests of the Padres. Special ticket windows will be opened at Gates A and B for parents and friends of scouts who wish to accompany the boys to the game.

There will be a special pregame on Sunday starting at 12:15 featuring KOGO celebrities and a team of American Airline Stewardesses and Sea World mermaids. Managers Gomez and Durocher also will participate as umpires.

Swim Meet Planned For Week End

Definitive meet of the season in San Diego County, the Pacific Southwest Association District Amateur Athletic Union Swimming Championships will be held on Aug. 29, 30 at the National City Municipal Pool starting each day at 9 a.m. and ending around mid day.

Entries previously qualified for the finals in both Open and Age Group events. Open qualifying was held on Aug. 8, 9 at Coronado and Age Group on Aug. 15, 16 at National City.

Teams competing will include Coronado-Navy Swim Association, Chula Vista Aquatic Association, Copley and Palomar YMCA's, Mission Valley Tennis Club, La Mesa and San Diego Swimming Associations and swim clubs representing National City, Oceanside, Escondido, Rancho Bernardo, Carmen Ranch and Vista.

Aztecs Begin Practice: Looks Like Another Great Year At Montezuma Mesa

The waiting is over — the 1970 college football season has arrived.

"Thank heaven we can finally start practice," remarked relieved San Diego State head coach Don Coryell. "It's nice to take a break from football, but the last month before you begin workouts you really get 'antsy'. Now we don't have to wait any more, the time has come."

A group of almost 70 prospective gridders greeted Coryell Sunday for physical examinations and last minute equipment issuing. The turnout was one of the largest in recent seasons.

The Aztecs will be working out twice daily Monday through Friday from 8:30 - 10:30 a.m. and 3 - 5:30 p.m. There will be a Saturday morning workout with Saturday afternoons and Sundays free. Practice site will alternate between Aztec bowl and the practice field behind Peterson Gym.

A series of Friday evening public scrimmages is set for Aug. 28 and Sept. 4 at 7 p.m. in Aztec Bowl.

27 Lettermen Return

If success can be judged by the number of returning lettermen, then San Diego State's 1970 football crew looks to be in pretty good shape.

The Azecs will have sme 28 letter winners to build around as the 1970 gridiron campaign gets underway. "Having 27 lettermen gives us a little jump on practice," commented head coach Don Coryell. "Another pleasing aspect is that they're pretty evenly divided—13 on offense and 14 on defense."

Returning offensive letter winners are linemen Henry Allison and Bill Moore, Lee Felice and Tom Shellabarger, and Gary Fisher.

Four receivers are back in Tom Reynolds, Tim Delaney, Ken Burrow and running back-receiver John Featherstone. Together, the four combined for 176 receptions, 2792 yards and 36 TD's.

In the backfield there will be George Brown, Featherstone and Lindsey James as well as quarterback Brian Sipe. Also returning is Al Limahelu who booted 59 of 60 points after.

On defense, four defensive linemen are returning in Leon Van Gorkum, Terry Mendenhall, Roy Capp and Andre Morris. Linebacker looks secure with no less than five men back; Gary Meek, Andy Rodriguez, Jeff Rasmussen, Donnie Rea and Dallas Stahr.

The defensive back position also looks strong with Tom Hayes, Dick Myer, Galen Pavelko, Caesar Payne and Jon Robertson all coming back.

Coryell will have a bumper crop of 25 newcomers to work in with his 27 veterans. It's a task he's been faced with in the past so there's no reason to believe the melding of the two won't produce another hybrid football squad.

Coryell has rounded up some JC All-Americans along with countless JC All-Conference performers to help augment his graduation-depleted ranks.

Two fine quarterbacks are in tow. First off there's JC All-American Jim Sander by way of Harbor JC. Sander was also Player of the Year as well as All-Southern California Conference and co-captan. Then there's Jeff Attebury from Venura JC, and don't forget Marv Owens who fire 25 touchdown passes at Fulletron JC. However, he will be ued almost exclusively as a running back.

Hale Closes In On Bullen With Third Main Event Win In A Row

Ed Hale, wearing the biggest smile that he has been able to produce all year, climbed out of his super stock car last Saturday evening after completing 30 laps of hard driving, winning his third main event in a row, and moving to within 20 points of the point standing lead.

Starting way back in the pack, the Lemon Grove pilot got caught in traffic, and after twenty laps, point leader Russ Bullein, who had started in the front row, was leading second place Jim Osborne by a big margin, and Hale was another five cars back.

But on lap 23, the event's only yellow flag came down when Cactus Henyan, of Jamul, spun out in the south turn, and Warren Toles and Bucky Peralta got caught in the mis-hap.

The caution flag closed up the pack, with Bullen leading Osborne, Lemon Grove's Jim Hitt, Jim Whit, of El Cajon, and Hale, who had moved into fifth.

As the green flag came down, Bullen blew his engine and spun into the infield, leaving Osborne in front. Hale passed Whitt, and Jim Hitt started to fade, and Hale and Whitt took over second and third.

On lap 25, Hale easily took over the lead from Osborne, while Whitt and Hitt also moved past. Whitt, giving it every thing he could, sat right on Hales rear bumper for the remainder of the race, and took second when the checkered flag came down.

Jim Hitt got third, Osborne was fourth, and Sonny Tomlinson nailed down the fifth spot.

The win for Ed Hale gave him a total of 2865 points for the season, just 20 points in back of Russ Bullen, and over 1000 ahead of third place John Dineen, who is engaged in battle for third with Pat McIntyre, of Spring Valley, and Jim Hitt, of Lemon Grove.

McIntyre, who started far back in the pack in the main event, couldn't get through the traffic in time to finish in the top five, but picked up enough passing points to move to within 100 points of Dineen.

Hitt, who just broke into the top ten in the points race a few weeks ago, has climbed to within 215 of McIntyre, and the fifth position in point standings.

Although Hale looked good on Saturday night, the versatile lead foot had his problems Friday night, dropping out of first place on the 15th lap of the 30-lap main event in modified competition.

Hale, who performed excitingly in the heat races, jumped to an early lead in the main event, and built it up until Spring Valley's Lee Robison got through traffic and gunned his machine by Hale on the back-straight.

As Robison built a 15-car lead over Hale, the Lemon Grove smiler was passed by Carl Adam, Curt Waters, and Bud Gilbert, before a yellow flag was dropped on lap 25.

When the green came out, Hale couldn't get by Gilbert, and was forced to settle for fifth, while Lemon Grove's Carl Adams was challenging Robison for the lead.

The win for the Spring Valley driver was the first in two years, and his smile was nearly of the same proportions as that of Hale as he took his victory lap.

In other racing action at the Speedway, Dean Erwin fought a fender bending battle wih Hale in the figure eights, with Erwin finally taking the checkered flag, after trading the lead with Hale for 20 laps.

In the mini-stocks, Ron Moore set fast time, but developed problems and had to drop out of the program, leaving Harry DuRae to run away with the main event.

More action is set for this week end, as Hale tries to take over the top spot in supers, Lee Robison tries to repeat his win in modified action, and Erwin tries to move away in the figure eights.

Qualifying is planned for 6:30 p.m. with race times at 8 p.m. both nights.

Grossmont Announces Fall Sports Calendar For 1970

Athletic Director Bob Rump, of Grossmont College, has announced the schedules for three fall sports, including water polo.

The football schedule, which will include two non-conference games, starts with an away contest with San Diego Mesa, and ends with an away game with arch-rival Southwestern.

Last year, the Griffens won the Mission Conference title with a perfect 6-0 record before losing to Fullerton in the first round of the state playoffs.

The cross country team will compete in eleven meets this season, including three invitationals, and two tri-angular affairs.

Last year, the cross country team rolled over the opposition, winning the title with a 6-0 record. Teams that could challenge the Griffs include Southwestern, second in last year's competition, and Citrus, a team with several returnees.

With the completion of the swimming pool at Grossmont, the school will field another team, the water polo squad.

Girls Goat Tying
SPONSORED BY PAL'S CAFE

Being a new event in Rodeos, Girls Goat Tying isn't very well known. Since it's different, it gives the girls something new to work at in Rodeo.

Also this gives the Rodeo wives who travel with their husbands a chance to compete in the Rodeo.

The girls tie the goat similar to the way Calf Ropers tie the calves, but they have an advantage, the goat doesn't have to be roped.

Led Zeppelin To Play At Sports Arena Next Week

By Lynn Jones

Led Zeppelin, that dynamic, supergroup from London, will make a concert appearance at the San Diego Sports Arena, Thursday, September 3, at 8:30 p.m. This incredible group; Jimmy Page, John Paul Jones, John Bonham and Robert Plant, emerged as Led Zeppelin in late 1968 in a small recording studio in London. It took only a short time before they knew they "had it together". They worked so well together that within two weeks after becoming a group, they made their first album entitled, "Led Zeppelin."

The founder of this great group is Jimmy Page, who at one time belonged to the Yardbirds. After the group split up, Jimmy became one of England's finest session guitarists, contributing his works to such greats as Donovan, the Rolling Stones, and Joe Cocker. After meeting up with John Paul Jones, they began forming Led Zeppelin. Jimmy says about his group's music, "I can't put a tag to our music . . . but the closest I can get is contemporary blues."

Led Zeppelin has just completed a month's tour in Europe and has returned to play an even greater show in their favorite part of the country, California. The concert will be completely hosted by Led Zeppelin with no supporting acts. They generally play for 2½ to 3 hours.

Tickets are $3.75, $4.75, $5.50, and $6. They will be available at the Sports Arena Box Office (714) 224-4171 and all Central Ticket Agencies.

Over 800 Teachers To Report For Work At Grossmont Schools

With the beginning of school less than a month away, more than 880 certificated employees in the Grossmont High School District are returning from vacation, finishing summer college courses, working on new lecture materials, and perhaps getting a little ichy to get back to the business of educating area youth. Administrators report back September 1 and teachers return September 8.

"The Grossmont High School District, which expects in excess of 19,000 students this year, will utilize nearly 900 teachers, counselors, administrators and auxilliary teaching staff in an effort to meet the individual needs of students," said Dr. Hazel Bole, Assistant Superintendent, Personnel.

Mt. Miguel High School will have a total of more than 120 teaching employees, tops in the district. They also expect the highest student enrollment of any district school, expected to reach 3,000.

Following close behind, with approximately 100 teachers each is Grossmont and Helix. The other 5 schools are not far back with each employing 80 or more certificated employees.

"Largest number, by far, of certificated employees are teachers, 757," said Dr. Bole. "In the important area of counseling, the district employs nearly 50 full time school counselors.

"Administration accounts for 45 employees, including principals and vice-principals at the local school level.

At the district level, administrators include the superintendent, associate superintendent, and assistant superintendents for business, personnel and educational operations. Also included are directors of continuation education, special education, adult education, pupil personnel services, special projects and vocational education.

The district also employs 9 nurses and 9 librarians. Teachers in special fields include 6 speech therapists, 5 psychologists and a social worker.

Three-Year-Olds To Go At Del Mar

DEL MAR — A full complement of the best three-year-olds in the West — twenty in all — have been nominated for Saturday's 26th running of the Del Mar Derby, a mile and one eighth test on the infield turf course.

Six recent stakes winners — headed by Vanguard Stable's Mickey McGuire, Miles and Tauber's D'Artagnan, Forked Lightning Ranch's Colorado King Jr., Mary F. Jones and Charles Whittingham's Whittingham, K. Dudley Malloy's Sugar Loaf and Charles Weiner's filly, Thoroly Blue — give the Derby a high degree of class and make it one of the most competitive in its long history.

Another factor to provoke interest is the switching of the race to the grass from its previous runnings on the main dirt course. Several of the candidates are highly proficient on the sod and their connections believe they will improve on this surface.

Sugar Loaf, the 42 to 1 surprise winner of the recent La Jolla Mile here, is sure to be a much shorter price Saturday in view of his great recent effort, the eight furlongs in 1:35 2/5. Double V. Stable's Terra Berry and Hazel E. Huffman's War Heim, second and third in the La Jolla, are also prominent candidates for the longer Derby.

Golf Coach Named USIU Athletic Director

Martin Seidler, 38, who joined the United States International faculty in the fall of 1967, has been named Acting Director of Athletics, effective Sept. 1.

Dr. Seidler, a native of Round Lake, Ill., has served as an assistant professor of education and for the past three years has been head coach of the golf team.

During his three years as golf coach, the Westerners compiled a 29-8 record and they have won the NAIA District 3 championship the past two years. His teams have also won the Tucker Invitational Tournament at Albuquerque, N.M., and finished second and third, respectively, the past two years in the NAIA National Tournament.

Prior to joining the USIU faculty, Dr. Seidler taught and coached at Portales Junior High School in Portales, N.M., for one year, and at Santa Paula High School for 10 years.

He received his B. S. degree from the University of Illinois, his M.A. from New Mexico Highlands University, and his Ph.D. from the University of Oregon.

Dr. Seidler will fill the position held for the past year by Dr. Norris A. Patterson, who has received a year's leave of absence to take a position with Emporia State College in Emporia, Kans.

Pres. Roosevelt dedicated the Great Smoky Mountains National Park in 1940.

This film graphically portrays pattends of survival, environmental adaptation, the role of the predators, and the various types of animal behavior. In five different environments, sequences are presented to compare means of defense, instruction, and nurture of the baboon, eagle, and pelican, prairie dog, and octopus.

September 12 and 13, "Life Among the Penguins."

Sept. 19 and 20, "Flaming Sky — Auroro".

Sept. 19 and 20, "Le Mistral".

A documentary epic of the most famous of all winds, made by the most famous of living documentary film makers. Joris Ivens clebrates the mistral from its birth in the Alps to its course in the Rhone Valley, cutting across the heart of Provence and the Camargue on its journey to the sea.

Sept. 26 and 27, "Conquest of Giants".

An artistically executed historical documentary on the 300-foot, 3,000-year-old Sierra redwood, or giant Sequoia. A rare collection of old photographs gives the history of the Sequoia gigantea, showing its discovery and the early expeditions; cinematography shows the great trees as they are today.

Artistically presented, this rich treatment of California history illuminates a major turning-point in man's attitude toward his world — near-sighted greed challenged by selfless concern for future generations.

Through clear-cut parallels, the film takes this relatively new struggle to protect our natural world to the threshold of today's conflicts over preservation of wilderness areas.

Monty Hall To M.C. Classic Golf Bash

Monty Hall, star of ABC's "Let's Make a Deal," will serve as chief auctioneer for the Classic Bash and Auction to be held in connection with the Ninth Annual Comedians Golf Classic at Carlton Oaks C.C. in Santee, Sept. 18, 19.

UNITED CRUSADE — John Ritenour, left, co-owner of Russell's Plumbing, has been named Lemon Grove chairman of the United Crusade. Ritenour said he will announce committee members next week. The Crusade opens late in September.

Welfare Laws Need Revision Assistant DA Thomas Says

Assistant District Attorney Bob Thomas told members of the Lemon Grove Rotary Club Monday that if all the people in California who were eligible to do so went on welfare tomorrow, the state would be bankrupt in a very few weeks. Pride prevents many eligible citizens from accepting welfare, he said.

He attributed the heavy welfare burden to state and federal laws which make it extremely difficult to investigate many cases.

"One of our investigators discovered a 'blind' recipient driving his auto through heavy traffic at 70 miles an hour. He had been collecting aid to the blind for five years. A case worker failed to have him put through the necessary tests after approving him for assistance," Thomas said.

He cited instances of welfare aid going to families with as many as 17 years history of public support. Some recipients are classed a "Agency Oriented" by welfare rules which means simply that they have been on welfare so long that the thought of going to work "makes them sick" Thomas quoted the agency as reporting. Laws should be changed to require those capable of joining the work force to take jobs, he added.

An organization known as Welfare Rights Association operates in behalf of recipients. This group has people in it that know more about welfare laws than many attorneys, he said.

This group acts as lobbyists to bring pressure on lawmakers and welfare agencies for the purpose of increasing the number of recipients and the money recipients receive, he said.

Thomas pointed out that the DA's office did not control welfare. It only prosecutes cases where fraud and other lawbreaking is clearly shown. "That is getting harder and harder to do," he said.

While Thomas was addressing himself to the subject in Lemon Grove, the Board of Supervisors was hearing Chief Administrator Fred J. Morey report that the County property tax rate would have to be increased 37½ cents to accommodate skyrocketing welfare and jail costs.

Lake Morena Project Gets Funds From State

The state Wildlife Conservation Board awarded the County of San Diego a $190,000 grant to begin development of Lake Morena into a regional park for fishing, water skiing and overnight camping.

Henry Boney, chairman of the San Diego County Board of Supervisors, appeared before the board to accept the grant. Boney, whose second supervisorial district encompasses the lake, proposed the regional park in a letter to the board last year.

The lake, 50 miles east of our area, is currently operated by the City of San Diego Utilities Department and is one of the City's water supply reservoirs. It was constructed in 1898.

The County has an agreement with the City to take over operation of the lake and use the funds to increase its size from 50 surface acres to 261 acres.

Richards Named To Co-Chair Committee For Charles O'Brien

Former State Senator Richard Richards has been named State Co-Chairman and Southern California Chairman of the Committee to Elect Charles O'Brien Attorney General.

Attorney General Thomas C. Lynch is serving as Honorary State Chairman.

Richards now heads one of California's major law firms, Richards, Watson and Hemmerling.

Local Highways To Be Aided By Mills' Bill

State Senator James R. Mills, D-San Diego, expressed his satisfaction on the final passage of SB 85, which increases Southern California's share of state highway construction funds from 55 percent to 60 percent.

"Since 1947 Southern California has been short changed hundreds of millions of dollars by the Breed Formula," Mills said. "For over twenty years Southern California legislators have been trying to amend the formula, and I am very pleased to have been the one who succeeded at last."

"The bill will result in almost forty million dollars a year to help solve Southern California's congestion problems," Mills added.

"With over 60 percent of the state's population, over 60 percent of the state's automobiles, and over 60 percent of the state's transportation problems, we were entitled to this increase years ago.

"This change will be measured in terms of lives saved, as well as tempers preserved and time saved from hectic traffic and made available for happier pursuits.."

PORAC Gives Endorsement To Thomas, Duffy

The 1,600-member San Diego Chapter of the Peace Officers Research Association of California this wek endorsed Bob Thomas for District Attorney.

Thomas, present assistant District Attorney, collected 113,252 votes in the June primary. He will face Ed Miller, a former U. S. Attorney who got 73,289. Six candidates were in the race.

A presentation of the endosement will be made to Thomas at an upcoming PORAC meeting.

The group also endorsed Sheriff's Captain John Duffy for the sheriff's position.

FORD'S NEW 1971 PINTO, a two-door sedan, combines a small car feel with a sporty-car look. The sloping windshield is accented by the low, sleek lines of the hood and fenders. Ventless side windows add to the trim lines of the car. In the rear, Pinto's short deck and fastback lines stress the contemporary look of the Seventies. The Pinto is about 13½ feet long, turns in a circle of only 31 feet for easy maneueverability and delivers more than 25 miles per gallon in city- urban driving, according to Pat Grace local Ford dealer.

San Diego Goodwill To Host NRA Meeting

Goodwill Industries of San Diego County will host the 1970 U. S. conference for the National Rehabilitation Association, it was announced this week by Eugene Morrill, San Diego Goodwill executive director.

Morrill said that more than 2,000 association members are expected to attend the four day conclavé at El Cortez hotel starting September 27.

Featured speakers will include Dr. Edward Newman, Commissioner of Vocational Rehabilitation for the U. S. Department of Health, Education and Welfare; John D. Twiname, Administrator of the Social and Rehabilitation Service; and Howard H. Hanson, President of NRA.

Keynote speaker for the opening Sunday evening session will be Dr. Edward Stainbrook, PhD, MD and chairman of the Department of Human Behavior at the School of Medicine, University of Southern California. His talk, "Service Continuity, its nature, meaning and consequences to the individual, the agency and the community," will set the theme of the conference. Service continuity refers to the need for continuing service to the handicapped beyond the initial needs.

The National Rehabilitation Association is a private, nonprofit organization dedicated to the rehabilitation of all physically, mentally, and socially handicapped persons. Organized in 1925, it has more than 34,000 members and 60 state and local chapters. Its 1970 San Diego conference will recognize the organization's 45th anniversary in assisting rehabilitative services nationwide.

Gilbert Harelson . . Named Judge

Gilbert Harelson Named As Superior Court Judge

La Mesa City Attorney Gilbert Harelson has been named a Superior Court judge by Governor Ronald Reagan.

The 51-year old ex-paratrooper, a former municipal court judge, resigned the El Cajon Municipal Court bench in 1959 after serving nine months. At the time he said he was "more of an advocate than an umpire." At the time of his appointment he was 39 years of age — the youngest municipal court judge in the county.

Harelson, a Republican, joined with William B. Enright and Jack R. Levitt in forming the present La Mesa law firm of Harelson, Enright, Levitt and Knutson. The firm also has an office in San Diego.

Superior Court Judge Harelson will replace John Hewicker, who retired four months ago. The job pays $31,000 a year and Harelson will have to stand election periodically but judges are seldom defeated.
